Supervised hire is available at £5.00 per person per session and is dependent on availability

How does supervised hire work? We are offering this service to people who have had a lesson before so they can go out and practice their skills and we will monitor them whilst they are in the water, to help us spot them we will provide a brightly coloured rash vest to wear over their wetsuit so they are easily identifiable. They will not receive actual coaching but will be given some basic tips prior to going in the water in order to get the best from their session, where possible we will give them feedback on their progress.

Personal lifeguard service

Your qualified beach lifeguard will accompany you down to the beach or another nearby and stay with you to ensure you are safe. As an example for a family of 4 your lifeguard can take the kids for a splash while mum and dad relax on the beach with a book. Also able to operate outside of public lifeguard hours to enable you to enjoy the beach at its quietest.

We can provide wetsuits and surfboards if required.
